PAKISTAN JOURNAL OF SCIENTIFIC AND INDUSTRIAL RESEARCH

Volume 45 SUBJECT INDEX 2002

A

Activated charcoal, citric acid adsorption by 82
Aflatoxin stability in local pistachio sweet dishes 197
African locust bean seeds, chemistry and properties of 29
Air Pollution in Peshawar 1
Allergic Contact Dermatitis, Prohapten activation in 97
Aminoacetamidophenol determination by colorimetry 7
Anticonvulsant activity of benzoxazole-2-thione derivatives 219
Apple, fungicide residue in 246
Arylpyrazolyl oxadiazoles synthesis 20
Asia Pacific Metrology Programme DC voltage standards intercomparison 140
Azadirachta indica seeds and leaves as wheat protectants 46

B

Bacillus thuringiensis spore-crystal protein production 400
Banana silage, ensiling time effect on 114
Benomyl residue in apple and citrus fruits 246
Benzene-naphthalene alkylation 383
Benzoxazole-2-thione derivatives synthesis and activity 219
Biowastes as heavy metal adsorbents 206
Bromate ions reaction with iodide, salt effects on 168

C

Calotropis procera root and leaf, antimicrobial effect of 337
Capsicum annum moisture determination by microwave energy 350
Carbonate rocks of Loralai Balochistan 86
Carboxaldehyde derivatives, antibacterial properties of 26
Carding machine, modified; for improved cotton yarn tensile parameters 178
Carrots preservation by modified atmospheric packaging 259
Cd system, interatomic potential and dipole moment of 308
Cellulose graft polymer as drilling fluid 363
Charcoal, citric acid adsorption by activated 82
Chelate ion exchange equilibrium 367
Chlorobenzoxazole, 2-substituted; synthesis and activity of 219
Citric acid adsorption on activated charcoal 82
Citrus fruits, fungicide residue in 246
Citrus nematodes and their control 130
Citrus sinensis, local; nutrients of 202
Clay mineral activity for Friedel Craft reaction 383
Coenurus tenuicollis occurrence in black Bengal goat 330
Colorimetric determination of paracetamol 7
Complexes of G-D Oxine, formation and properties of 92

Copper fertilizer effect on rice crop 102
Cotton F_1-F_2 intrahirsutum hybrids 407
Cotton seed, humic acid effect on 291
Cotton yarn, multiple taker-in system effect on tensile parameters of 178
Cresols separation by dissociation extraction 302
Crude oil recovery, cellulose graft polymer in 363
Crystallization, low temperature 237
Cucumber seeds in Russia, quarantine phytopathogenics of 191
Cumin seeds, laxative effect of 256

D

DC voltage standards intercomparison 140
Detergent effect on fish cardiovascular system 262
Dipole moment of Cd forbidden transition 308
Dolomite incorporation in glass and refractory 76
Dolphin conservation 53
Dustfall in Peshawar 1

E

Effluent treatment: biowastes as heavy metal adsorbents 206
Effluent, physicochemical status of textile industry's 10
Elicitor activity in *Hypnea musciformis* 172
Environment: water from metal finishing industries 312
Enzyme activity in *O.mossambicus*, temperature effect on 413
Eucalyptus nematicidal effect 59

F

Fe-Gd system 226
Fertilizer, dissolution kinetics of single super-phosphate 318
Fish cardiovascular system, detergent effect on 262
Fishes of Nigeria, heavy metals in 17
Fishes, Iodine distribution in Nigerian 95
Flavonoids: Tetramethoxy hydroxy phenylflavone synthesis 321
Fluidized bed combustion of lignite 79
Fluorite beneficiation, Kalat 63
Fungal side chain degradation of progesterone 250
Fungicide residue in apple and citrus fruits 246

G

G-D Oxine complexes formation and properties 92
Ginger oleoresin short term toxicity 327
Glass, dolomite incorporation in 76
Graft polymers in water, flocculation potential of 228
Ground water of Karachi, cation pH and conductivity 151
Heavy metal adsorption by biowastes 206

H

Heavy metal in Nigerian coastal fishes 17

Heavy metals in River Ramos sediments and vegetation 111
Helianthus amnus stems, organosolv pulping of 34
Herbicides for potato sprout suppression 120
HPLC determination of hydrazine in water 371
Humic acid effect with phosphate on wheat crop 273
Humic acids effect on seed cotton 291
Humic acids effect on wheat growth 157
Hybrids, F_1 and F_2 intrahirsutum cotton 407
Hydrazine determination in water by HPLC 371
Hypnea musciformis, induction of secondary metabolites of 172
Hypocholesterolaemic effect of leaf protein concentrate 334
2-Hydroxynapthaldehyde for hydrazine determination in water 371

I

Indium-tellurium thin films, electrical properties of 233
Indus River dolphin conservation 53
Inorganic phosphate contents in Red Sea Teleost muscles 108
Interatomic potential and dipole moment of Cd forbidden transition 308
Intercropping in sunflower 388
Iodide reaction with bromate ions, salt effect on 168
Iodine distribution in Nigerian fishes 95
Ion-exchange equilibrium, chelate 367

L

Laxative effect of cumin seeds 256
Lignite behaviour in fluidized bed combustor 79
Loralai formation, geochemistry and petrography of 86
Low temperature crystallization 237

M

Magnesium fertilization effect on rice yield 345
Magnesium fertilizer effect on rice crop 102
Maize salinity tolerance, molecular markers use for 213
Manganese III complex reduction with sodium thiosulphate 324
Meat quality and composition 383
Melilotus indica effect on rice growth 404
Metabolites of *Hypnea musciformis*, induction of secondary 172
Metacestodiosis in black Bengal goat 330
Metal complexes with pyrazolyl pyridine 161
Metal finishing industries, waste water from 312
Microbial contamination of pharmaceutics in tropical conditions 341
Milk, changes during storage of UHT treated 394
Molecular markers (RAPDs) use for salinity tolerance in maize, feasibility of 213
Monochloroacetate-thiosulphate reaction, salt effect on 375
Mustard seed oil, grey leaf spot effect on 412
Mycoplasma gallisepticum vaccine efficacy in broiler chicks, formalin treated 284

N

Neem nematicidal effect on wheat 59
Nematicidal effect on wheat of neem, tobacco and encalyptus 59
Nematodes of citrus and their control 130
Nigerian fishes, heavy metals in 17
Nitrogen fertilizer effect on rice crop 102
Nutrients in local *Citrus sinensis* 202

O

Oil of rapeseed and mustard seed, grey leaf spot effect on 412
Oleoresin of ginger, short term toxicity of 327
Oreochromis mossambicus, temperature effect on Na^+, K^+-ATPases activity 413
Organic acids separation by dissociation extraction, closely boiling 302
Organosolv pulping of sunflower stems 34
Oxadiazoles synthsis 20

P

Phosphate contents in Red Sea Teleost muscles 108
Packaging effect on storage of wheat flour 124
Packaging of carrots, modified atmospheric 259
Palm wine nutrients 386
Paracetamol determination by colorimetry 7
Parh limestone, geochemistry and petrography of 86
Parkia biglobosa seeds, chemistry and properties of 29
Peshawar, air pollution in 1
PH distribution, renewal process of 165
Pharmaceutics microbial contamination in tropical conditions 341
Phosphate fertilizer, dissolution kinetics of 318
Phosphatic fertilizer application effect on wheat yield 117
Phytic acid content in processed red kidney bean 41
Phytoplankton of Sanghar and Badin Lakes 182
Phytosociology of Muzaffarabad Hill, Winter 277
Pistachio sweet dishes of Pakistan, aflatoxin stability in 197
Plant growth stimulation by humic acid 157, 273, 291
Plant species diversity on Muzaffarabad Hill 277
Platanista minor conservtion 53
Pollution, air; in Peshawar 1
Pollution: detergent effect on fish cardiovascular system 262
Pollution: textile industry's effluent physicochemical status 10
Pollution; heavy metals in River Ramos sediments 111
Polyacrylamide-cellulose graft polymer 363
Polyacrylamide-sodium carboxyl methyl cellulose 228
Post-harvest preservation of vegetables 259
Potato sprout suppression, herbicides for 120
Poultry vaccine efficacy, formalin treated 284
Progesteron, microbial side chain degradation of 250
Programming, subroutine oriented environment in parallel 355

Prohapten activation in ACD 97
Protein concentrate, hypocholesterolaemic effect of leaf 334
Protein production, *B.thuringiensis* spore crystal 400
PVA-electrolyte interaction, temperature effect on 378
Pyrazole carboxaldehyde derivatives, antibacterial properties of 26
Pyrazole, antimicrobial properties of 69
Pyrazoline, antimicrobial properties of 69
Pyrazolyl pyridine in metal complexes 161

Q

Quninoxaline synthesis, *3-substituted* 243

R

Rapeseed oil, grey leaf spot effect on 412
Red algae, see *Hypnea musciformus*
Red kidney beans, soaking and cooking effects on properties of 41
Refractory, dolomite incorporation in 76
Renewal process of pH distribution 165
Rice crop, N C Mg fertilizer effect on 102
Rice growth, salt and sweet clover effect on 404
Rice leaf position preference by *Scirpophaga incertulas* for egg laying 267
Rice yield, magnesium fertilization effect on 345
Rubber composites activation by unsaturated systems 415
Russia, cucumber seeds in; quarantine phytopathogenics of 191

S

Salt effect on rice growth 404
Salt effects on iodide reaction with bromate ions 168
Sandalwood, see *Santalum album*,
Santalum album introduction and cultivation in Karachi 174
Scirpophaga incertulas preference of rice leaf position for egg laying 267
Sea bittern, solvation property effect on crystallization of 27
Sealant, silicone 417
Sewage water, N and P contents in Hyderabad, ... 295
Silage, ensiling time effect on banana 114
Silicone, modification of RTV 417
Sindh lakes, phytoplankton of 182
Sodium calcium mole concentration in Karachi ground water 151
Soil impedance measuring meter calibration 145
Soil moisture measurement 145
Solanum nigrum anti-inflammatory activity 353
Solanum tuberosum anti-inflammatory activity 353
Solid solubility of Gd in Fe 226
Solvation property effect on sea bittern crystallization 27
Stored crops, neem seeds and leaves as protectants of 46
Subroutine oriented environment in parallel programming 355
Sunflower intercropping summer legumes 388

Sunflower stems, organosolv pulping of 34

T

Teleost, P contents in Red Sea 108
Temperature effect on electrolyte-PVA interaction 378
Temperature effect on wheat growth 50
Tensile parameters of cotton yarn, multiple taker-in system effect on 178
Tetramethoxy hydroxy phenylflavone synthesis 321
Textile industry's effluent physicochemical status 10
Thiadiazole, antimicrobid properties of 69
Thiazolidinone, antimicrobial properties of 69
Thin film electrical properties, Indium-Tellurium 233
Thiosulphate-monochloroacetate reaction, salt effect on 375
Tobacco nematicidal effect 59
Trace metal effect on wheat growth 50
Trace metals in urine, spectrophotometric determination of 23
Triabendazole residue in apple and citrus fruits 246
Trichosanthes dioica, monocarpic senescene mechanism in 212
Triticum aestivum, see wheat
Tyrosine fluorescent complexes with oxine and quinaldine 133

U

UHT treated milk, changes during storage of 394
Urine, flame-atomic absorption spectrophotometric determination of trace metals in 29

V

Viscosifier, cellulose graft polymer as 363
Voltage standards intercomparison 140

W

Water from metal finishing industries 312
Water, flocculation potential of graft polymers in 228
Water, ground; cation pH and conductivity of Karachi 151
Water, N and P contents in Hyderabad 295
Wheat crop, humic acid effect with phosphates on 273
Wheat flour packaging effect on storage 124
Wheat growth, humic acid effect on 157
Wheat growth, trace metal effect on 50
Wheat yield, P and Zn application method effecton 117
Wheat, nematicidal effect of neem tobacco and eucalyptus leaf extract on 59
Wine, nutrients in felled palm tree 386

Y

Yellow stem borer, see *Scirpophaga incertulas*
